Anitox

Chairman Of The Board

January 2007 - December 2019 (13 years)

Lawrenceville, Georgia

Anitox is an international corporation, manufacturing antimicrobial preservatives for animal feeds, feed ingredients, and foodstuffs for human consumption.

Anitox is a pioneer in antimicrobial products. Through an extensive Research and Development Center, Anitox is able to develop new products, which are on the leading edge of technology. Anitox is at the forefront of Salmonella

control. Recent research has shown that Salmonella is just one of many microbiological contaminants causing health problems in poultry and livestock. This knowledge led to the development of a totally new concept in feed hygiene, The Termin-8 Clean Feed Program.

With offices in the United States, Mexico, United Kingdom and Malaysia, Anitox offers an international network dedicated to providing top quality products supported by the best staff of Technical Service, Engineers, Laboratory Technicians and Customer Service Representatives.
