Construction Project Management Minor Advising

Dr. Eric Holt

Eric.holt@du.edu

- The Construction Project Management minor may be completed by students pursuing any type of undergraduate degree at the University of Denver. If not pursuing a BSBA, will need the appropriate departmental approval.
- The minor GPA must be 2.0 or higher to graduate.
- Only grades of “C-” or above may be used in completing minor requirements.
- Any minor course substitutions must be pre-approved by the Director of the Burns School.

Construction Project Management Minor Course Requirements 2024-2025

The programs within the Burns School at the Daniels College of Business provide solid foundations in both the theory and practice of real estate and construction management. Construction Management minors learn how to determine the economic feasibility of a project, plan the construction, schedule the project, control the associated costs, and manage all financial aspects of the project.
